

EPD Watershed Protection Branch Notice of Afternoon Session Stakeholder Meeting to Discuss Possible Future Changes to Rules for Dam Safety

This is to announce that the Georgia Environmental Protection Division (EPD) Watershed Protection Branch will be holding an afternoon session stakeholder meeting on February 27, 2015 from 1:00 pm to 3:00 pm at the EPD Tradeport Training Room located at 4244 International Parkway, Suite 116, Atlanta, GA 30354 to discuss possible future changes to the Rules for Dam Safety. This afternoon session stakeholder meeting is being held because the morning session stakeholder meeting being held on February 27, 2015 from 9:00 am to 11:00 am has reached maximum attendance. The same topics and material will be presented and discussed at both sessions.

The purpose of both sessions is to inform and solicit input from the public and impacted organizations regarding possible changes to the Rules for Dam Safety, Chapter 391-3-8, and to discuss associated changes to EPD's Safe Dams Program.

EPD's primary goals and objectives are to ensure that stakeholders are given the opportunity to understand the process of rule revisions and the scope of the possible future rule changes that are under consideration. EPD will also listen to comments and address stakeholder questions.

Please note that registration for both sessions is required (no fee) in order for us to ensure that there is adequate seating for interested attendees. While registration for the morning session is now closed, you may register for the afternoon session at the following link:

<http://geco.georgiaair.org/eventregistration/EventDetails.aspx?eventid=49>

Materials that will be discussed or reviewed during both sessions are available on EPD's website at the link below. You may want to print and bring these documents with you since the supply of handouts may be limited.
